Location

Mickleover is a large residential suburb of Derby (to the south west) with an estimated population of 18,000 which continues to grow by significant numbers as a result of a number of on-going and planned residential developments, providing a further 3,000 homes. Residents are largely within the A, B, C1 and C2 socio-economic groupings. It is conveniently located with direct access onto the A516 and A38, connecting with the A50 and is within easy commuting distance of Derby City Centre. Major nearby employers include Derby Royal Hospital, Toyota and Rolls Royce.

The site is located in the middle of the Mickleover District Centre which is a compact commercial area serving a large residential catchment. The District Centre comprises a number of shops, pubs/restaurants and other commercial users including purpose-built shopping parades, converted residential properties, a Tesco food store and a Petrol Filling Station with M&S Simply Food.

Description

The development will comprise two blocks of four shop units ranging in size from 51sqm/549sqft to 66sqm/710sqft. The construction will enable two or more of the units to be combined if required. Furthermore, there is sufficient height within the building to accommodate a mezzanine floor as a tenant's improvement.

The attractive contemporary design of the buildings is considered to be iconic and distinctive and with a prominent frontage to the corner of Uttoxeter Road and Limes Avenue, occupiers will be able to take advantage of a high-profile opportunity.

The units will benefit from rear servicing and a number of car parking spaces to the rear and off Limes Avenue.

The developer/landlord will provide shop fronts and will arrange for connection points to services. Otherwise the units will be completed to a shell finish, ready to receive tenant's fit-out.

Accommodation

The following schedule sets out the approximate areas and dimensions for the units as proposed. These are subject to change. Two to four units can be combined; thus, unit sizes range from a minimum of 51 m²/549 sq.ft. to a maximum of 259 m²/2,787 sq.ft.
