Industrial/warehouse unit with large yard close to J34 A1 (M)

Location

The property is located on Blyth road, which is part of the Harworth industrial Estate, which is popular with a number of national and local occupiers.

It is well located to take advantage of the excellent communication links with junction 34 of the A1M located approximately 1.5 miles to the north and the closest intersection of the M18 is approximately 10 miles to the south.

Harworth has seen a significant increase in growth over recent years with developers undertaking various schemes for B1, B2 and B8 uses can take advantage of the excellent communication links Harworth village is approximately one mile away giving a good level of local amenities and employment pool.

Doncaster is the second largest town in the UK with a population of over 300,000 people and offers a strategic location at the heart of the UK. Doncaster is situated on this east coast mainline with more than 60 trains running through everyday and benefits from excellent road links via the M1, A1 and M18. Doncaster also boasts an internal airport flying to over 40 destinations. The ports of Humber are within a 45 minute drive of the town.

Description

This is an industrial/warehouse unit benefiting from a large yard area to the rear and sits on a site extending to 1.89 acres with a two storey brick built office pod to the front elevation, along with a good sized paved car park. There is a useful route through the site providing vehicular access to the extensive paved yard to the rear.

Internally the configuration of the building provides three separate workshops and storage areas, which comprise a parts store, showroom and workshop. The offices are of a good standard and provide, bright open plan space as well as managers offices and board rooms.

The building is constructed in steel portal frame, with a mix of brick and block work profile sheet elevations, beneath a pitched roof, set within inset translucent light panels. The main vehicular access offered via the rear of the unit through the large roller shutter door, with an additional side roller shutter door giving access to the showroom.

Due to the configuration of the building and the size of the yard, it is our opinion that the building could offer numerous configurations for potential occupiers.

Accommodation

The property has been measured on a Gross Internal Area (GIA) basis and provides the following accommodation:

Total GIA - 2,174 sq m (23,400 sq ft)

of which:

Offices: 346.93 sq m (3,734 sq ft)
