## Location

The property is situated on Carr Place within the established Walton Summit Industrial Estate, one of the North West's premier business locations. Carr Place is accessed directly from Four Oaks Road, which links to the A6 (Preston Road) and Junction 29 of the M6 motorway, less than 1 mile to the south-west.

Walton Summit benefits from exceptional road connectivity, lying adjacent to the M6, M61 and M65 motorways, providing excellent access throughout Lancashire, Manchester, Liverpool and the wider North West.

## Description

The property comprises a modern single storey industrial unit of steel portal frame construction with brick and profile metal clad elevations beneath a metal clad roof.

Internally, the accommodation is predominantly open plan and includes ancillary office and WC facilities. The unit benefits from a concrete floor, 3-phase electricity, fluorescent lighting, commercial roller shutter loading door and an approximate eaves height of 3.8 m, rising to 4.85 m at the apex.

The premises have most recently been occupied as an MOT testing garage. Existing workshop and MOT equipment may be available by separate negotiation or can be removed to provide clear accommodation suitable for a range of industrial and warehouse uses.

Externally, the property benefits from a good sized surfaced yard, which can be secured by way of perimeter fencing.
