## THE EVOLUTION OF THE WORKSPACE

Before, there was the open workplace. The main focus was to provide functional workspaces for business to run.

After the majority of the UK were asked to work from home, a trend of home offices and flexible working grew.

Now, employees are looking for more than just a desk in their office. Workplaces now need to flex to accommodate our new ways of working – individually and together.

Arlington can deliver a solution that meets your needs today and into the future.

Located within the picturesque Thames Valley, Arlington Business Park has been specially designed to blend the advantages of a modern working environment with the benefits of outdoor living.

The award-winning Arlington Business Park is designed around a picturesque lake and approximately 49 acres of shared parkland.

With pocket parks, open grassy banks, picnic spots and tree-lined paths, Arlington's innovative design brings nature into your place of work.

Arlington Business Park's lake is surrounded by a range of amenities including a gym, a theatre-style landscaped space holding events throughout the year and known affectionately as The Bowl, a table tennis table and Arlington's own beehives.

The state-of-the-art Floating Pavilion is a shared meeting, party and conference space

With floor-to-ceiling windows on all four sides, retractable doors on three sides and an outside terrace, it provides a work space that pushes the boundaries of conventional working environments.

Our on-site café offers more than just food and drink. We have a library, lounge, football table, selection of board games, meeting room and beautiful outdoor terrace overlooking the lake. Having the choice of working at a desk or in the café gives employees the freedom to work and think creatively.

Arlington's state-of-the-art onsite gym means employees can work out when it suits them.

Group classes as well as private training are bookable via the website. Clean and modern shower facilities also make it easier to take part at any time of the day.
