The Hammock Factory is an historic brick-walled single-story high-bay space that totals 13,199 SF. A 17-foot center-ceiling height makes for dramatic office space with inclusion of original wood trusses and wood columns as well. The space is immediately adjacent to available Industrial space and can be offered as flex space for office space need, or can be leased singularly as a stand alone office.

When you have big dreams and aggressive goals, it’s great to have a university next door. ECU can combine its research brainpower & resources with yours, and exciting things happen. Take advantage of the University’s R&D resources and talent, combine it with other neighbor Pacesetter champions, and you have a formula for growth with efficiency. Don’t miss this opportunity to be a Pacesetter and join us in building a community filled with entrepreneurship, collaboration, and game-changing work!

O Clark Street, Greenville, NC 27834

An environment built for growth

This place is a remarkable growth engine for champion companies. Great businesses locate here to become even greater. To accelerate change, to press your advantages, to put more distance between yourselves and your competitors, to grab the future with both hands, Intersect East helps you push the boundaries of success.

Access to Olympic-caliber innovation for champion businesses

A Pacesetter is defined as a person or organization that takes the lead and sets the standards of achievement for others. Imagine a community filled with Pacesetters all looking to change the game. Intersect East provides an Olympic-caliber training facility for innovative businesses complete with the resources to help you WIN.

A hub of innovation, Intersect East welcomes Pacesetters to join us in building a community filled with entrepreneurship, collaboration, and game-changing work. Whether a company in early stages of growth or one looking to take things to the next level this campus includes innovation, collaboration, and a center built on helping you succeed. Whether you are a Pacesetter working in technology, science, or a manufacturing business you can find a home here at Intersect East.

A university campus as your next-door neighbor

When you have big dreams and aggressive goals, it’s great to have a university next door. Combine its research brainpower & resources with yours, and exciting things happen. Take advantage of the university’s R&D resources and talent, combine it with other neighbor Pacesetter champions, and you have a formula for growth with efficiency!

Proximity to the university offers top talent to help grow and attract your next generation of Pacesetters.

The innovation and growth that will be unleashed at Intersect East is the direct result of the remarkable vision and commitment of East Carolina University. In addition to its mission of providing outstanding higher education, ECU sees another of its most important roles as being a vital community partner and a force for helping raise the quality of life for the entire eastern region of North Carolina.

ECU is partnering with Elliott Sidewalk Communities to expand collaborative research, health sciences, and grow champion businesses for community development in Greenville and the east region of North Carolina. Their partnership seeks to produce and expand innovation, address local and regional workforce development and let this project vision be a magnet to attract talent and investment.
