This 9.1+/- acre retail development site has existing general development plan approvals in place for a 6,000 SF convenience store, gas with diesel truck island, and fast food drive through lanes. Additional proposed uses for the property approved with the plan include a 60,000 SF multi story storage facility, fast food out-parcels and retail strip center with end cap drive through lane.

The property has full access with median cuts on US-41 at Bayshore Road and Rock Payne Road. Because of the property's location on the direct route from Port Manatee to I-275, plus two new RV resorts just to the south (one under construction, one recently approved) a gas station with diesel pumps has been incorporated into the plan.

Property is priced as four separate parcels with different intended uses. However, the owner is willing to sell combined parcels or the entire property in bulk as well. Pricing is based on raw land, but credits may be available for developers who put in master development infrastructure.
