

Hotel comforts meet working practicality.

The comfy sofas at The Hoxton have been the unofficial workspace of choice since we opened in 2006 and now it's time to step it up a level.

Say hello to Working From_ with all the practical things you'd expect from a coworking space, but with some lovely Hoxton extras. Expect a desk with a view, service with a smile, and rip off-free rates.

How we like to do business.

Rest, work, and play

All work and no play makes for a dull day. We'll be offering daily wellness classes and brain food delivered straight to your desk, as well as events to spark creativity and opportunities to network. It's all here, under one roof.

Everything you need for a great day's work

We believe that people work best when they're comfortable. So we created a workspace with homey surroundings, communal living areas, plenty of plants, and big windows to let in all that Vitamin D. There are desks for when you want to get your head down, and day-beds for when you want to put your feet up.

Spaces to think

From library desks, ergonomic chairs, and wireless charging to sit and get stuff done; to cosy corners and bright communal spaces with armchairs and daybeds built for dreaming. We've got dog-friendly areas, too, in case you want to bring your furry friend.
