

THE NOTES

This article reflects the commitment for this magazine, proposed by the International High Finance of 'organize conferences on HBC/21st century for the 21st century' with an editorial office of December 2005 and organized during the title No. HBC/21st century for the 21st century. The new year has permitted to add additional research for research, respectively for each number of the journal, which may affect the final.
