PROPERTY HIGHLIGHTS

Industrial Manufacturing & Warehouse Ready

Specifically designed for industrial manufacturing and warehousing, the facility provides the robust infrastructure required for production and storage. Its layout and features cater to businesses needing a dedicated space for heavy-duty operations.

Heavy Power & Specialized Equipment

The facility offers heavy power (750 kVA at 480 Volt) availability along with features like a 2-ton overhead crane, multiple dock doors, and a drive-in door. These attributes are critical for operations that require substantial electrical capacity and specialized handling of goods.

Integrated Office Facilities

The building includes executive, administrative, and engineering office spaces, creating a built-in hub for management and support functions. This integration helps streamline operations and enhance communication between different business functions.

Prime Location & Access

Situated near I-85 and within close proximity to the Greenville Metro Area, the property benefits from excellent regional access and connectivity. The ample employee and trailer parking further supports efficient logistics and daily operations.

Extensive HVAC Coverage

With roughly 52,000 square feet of HVAC coverage across both office areas and the shop floor, the property is equipped to maintain optimal temperature and air quality. This feature is essential for preserving equipment and ensuring a comfortable work environment.

Immaculate & Move-In Ready

The property presents itself in an exceptionally clean and well-maintained condition, as evidenced by the interior and exterior visuals provided. This turnkey readiness means that tenants can occupy and start operations immediately without the need for extensive renovations or clean-up.
