Executive Summary

Built in 1882, this 3,676 SF traditional brick church is an ideal home for a small and growing congregation. The upper-level sanctuary offers pew seating for 150.

On the main floor are a fellowship hall/multi-purpose room with kitchen/buffet service area, administrator's office, pastor's office, nursery, chapel, and storage. Furnishings and fixtures convey.

The building requires some updating – reflected in the price. The owners are in the process of refurbishing the boiler. The roof was replaced in 2015 with new plywood and 50-year shingles.

Owner-financing available for qualified purchasers. Two years of financial statements would be required, along with guarantee.
