Alabama House, 6 Rumford Place, Liverpool L3 9BY

LOCATION

The property is located within a secure end plot on Lightbody Street, adjacent to the railway line and just 2 minutes' drive north of Liverpool City Centre.

The surrounding area is a mixture of industrial and alternative uses including the famous Titanic Hotel, Tobacco Warehouse development, the Ten Streets area and the Liverpool Waters project. The property is also within close proximity of Bramley Moore Dock the site of the new Everton Football Ground.

DESCRIPTION & SPECIFICATION

This is a rare opportunity to occupy a high specification property that includes a newly clad high bay warehouse, large tarmac yard, and use of four railway arches. The entire site is very secure with a high brick perimeter wall and full height gated access to the front and rear, elevated railway to the east and steel palisade fencing to the western perimeter.

The steel framed warehouse has an excellent eaves height of 8.5 m and is accessed by way of a level access electric roller shutter door measuring 5 m high x 4.4 m wide. It has a fibre cement sheet roof with newly clad single skin profile sheeting to the sides with side translucent panelling. With the benefit of a 3 phase power supply, a 5 cm (2 inch) gas supply and DDA compliant WC facilities the property lends itself to a number of different uses.

Internally there is a full concrete brew-floor with stainless central gully from previous user (microbrewery) and water supply. It is lit via part high pressure sodium discharge lights, part 100W LED down lights.

Adjacent to the main warehouse is a refurbished office with electrical supply. The railway arches run underneath the elevated railway to the western perimeter. The end railway arch is secured by a steel door and is equipped with power, workshop and mezzanine storage.
