Description

The building is a grade 2 listed 2 storey semi detached, white stucco fronted office building, which we believe was built in the 1800's. It has attractive period features inside and out with a tiled pitched roof and the benefit of a rear garden now laid over mainly to a car park for 10-12 cars. Access is via a side drive off George Road.

Internally the building provides a mix of open plan, but mainly individual offices accessed from a hall and staircase and corridors on the ground and first floor. The offices are mainly carpeted, but some areas including the WCs and the kitchen on the ground floor and some hallways have a hard surface floor. Walls are generally plastered painted or papered and there is a mix of lighting styles throughout. Heating is via gas fired radiators, with a boiler located in the basement. Electrical wall sockets provide power.
