Location

12-14 CHURCH CRESCENT,
DUMFRIES, DG1 1DF

The property boasts a prime town centre trading pitch adjacent to a public transport hub and fronts onto an arterial thoroughfare.

Dumfries, with a population of around 33,000, is the largest town in Dumfries & Galloway and is therefore southwest Scotland's main shopping and administrative centre.

The town lies approximately 75 miles south of Glasgow and 34 miles northwest of Carlisle, occupying a strategic location at the intersection of the A75, A76, and A701 trunk roads.

The A709 provides the shortest link to the A74(M)/M6 motorway at Lockerbie, although the A75 and A701 offer alternative routes dependant on the direction of travel, with junctions at Gretna and Beattock respectively.

The A75 also provides a link to the Northern Irish ferry ports at Cairnryan.

The subjects are set on the southeastern side of Church Crescent within a mixed-use district at the northern end of the pedestrianised High Street.

This locale is also considered to fall within the town's main professional district.

Immediately adjacent is the Burns Statue bus stance and taxi rank. There are also several free public car parks within short walking distance.

Surrounding commercial properties include building societies, pharmacies, a doctor's surgery, dental surgeries, professional offices, a business centre, public houses, restaurants, salons, various retail units, a church, and Dumfries Academy.

Nearby residential dwellings mostly comprise traditional upper floor flats and maisonettes set above commercial premises.

Description

12-14 CHURCH CRESCENT,
DUMFRIES, DG1 1DF

The salon is finished to a good standard and benefits from adaptable open-plan accommodation together with a modern sales frontage.

The mid-terraced, Category C listed building is of traditional red sandstone construction surmounted by a pitched roof clad with slate. Part of the building projects over a neighbouring unit.

The ground floor sales frontage consists of full height aluminium casement glazing and two entrance doors, set below full-width fascia signage. The upper floor windows are generally of single / double glazed uPVC casement design.

The floors have laminate, vinyl or carpet coverings. The primary studio space is arranged over the ground & first floors which have painted walls and suspended tile ceilings.

The present configuration offers three workstations, a backwash and a wall-mounted dryer at ground floor level, as well as an additional seven workstations, three backwashes and three wall-mounted dryers at first floor level.

Staff welfare, toilet facilities and storage rooms are located on the second floor. Sanitary fittings are on mixed lines.

The basement and attic floors provide ancillary storage / service accommodation.
