

TO LET/MAY SELL

OFFICE ACCOMMODATION

35 SUMMER STREET, ABERDEEN, AB10 1SB

- FLEXIBLE LEASE TERMS AVAILABLE
- NIA 328.86 M² (3,543 FT²)
- £40,000 PER ANNUM

LOCATION:

The subjects are located on the west side of Summer Street between its junctions with Union Row and Union Wynd in a mixed use location approximately 50 metres north of Union Street, the main thoroughfare within the city centre. Summer Street forms the busy one way thoroughfare and is popular with a range of occupiers. Immediately surrounding are a mixture of residential and leisure occupiers, however the location is in close proximity to the substantial Union Plaza development comprising of 125,000 ft² of prime office space which is fully let to a range of local and national occupiers.

The Ordnance Survey extract overleaf is for identification purposes only.

DESCRIPTION:

The subjects comprise part of the upper floors of two adjacent mid-terraced properties that are two storey and attic in height. Each property is of a traditional stonework construction predominantly externally rendered with some small section of exposed pointed stonework. The roof over the southmost section is similarly of timber framed construction, mansard in style, clad with slate and incorporating dormer projections. The property also benefits from several single and two storey extensions to the rear, which appear to be of blockwork construction, externally rendered with a mixture of flat and pitched roofs overlaid with mineral felt covering and slate respectively.

In terms of internal construction and finishes, the floors throughout are of suspended timber construction overlaid predominantly with carpet tiled finishes with small areas of vinyl covering within the kitchen and W.C. areas. A mixture of floor boxes and perimeter trunking has also been introduced throughout. The walls and ceilings are predominantly plasterboard with either a painted or painted wallpaper finish. Some sections of a suspended tiled ceiling system have been introduced within the front section of the first floor and second floor rear suites. Natural daylight is provided via a mixture of double glazed UPVC units, double glazed timber units, single glazed timber units and a double glazed Velux unit, while some area benefits from roof light wells. Artificial light is provided via a mixture of integrated ceiling mounted translucent fitments, recessed spotlights and wall mounted units.
