Masterplan

Build to suit

Roxhill specialises in building warehouse and industrial space. With over 25 years' experience the team continually reviews the specification of its buildings to ensure ongoing quality, durability and sustainability. The company works with its customers to provide bespoke buildings to meet the individual requirements and operational needs.

Specification

- 50m yards
- 15% roof lights
- 50 kN/m² warehouse floor loading
- PIR controlled lighting with perimeter daylight sensors
- Raised floors and suspended ceilings
- Comfort cooled
- Aim to achieve BREEAM Excellent
- Air tightness - minimum of 2.5m³/hr/m²
- Grey water recycling
- Solar thermal water heating
- Recycled and recyclable materials used wherever possible

The specifications of buildings will be tailored to meet individual occupier requirements

GATEWAY PETERBOROUGH IS LOCATED ADJACENT TO JUNCTION 17 OF THE A1(M), OFFERING FAST ACCESS TO THE NORTH AND SOUTH OF THE UK

The Opportunity

Gateway is a greenfield site capable of accommodating single buildings of up to 1.3 million sq ft and, when completed, will total 5 million sq ft of development.

Planning

Detailed planning permission has been obtained for 1.8 million sq ft of B1, B2 and B8 uses with no operational restrictions. The remaining land benefits from outline planning consent for the same uses.

Timing

Buildings can be delivered in 6 months following receipt of reserved matters planning permission subject to specification.

Tenure

Buildings are available on a freehold and leasehold turnkey basis. Land sales will be considered.

Location

Gateway Peterborough is accessed off the A1139 Fletton Parkway and is prominently located adjacent to Junction 17 A1(M). The A1(M) provides a strategic North-South link between London and Edinburgh. Gateway is within a short distance of the A14, via both the A1(M) and A605, which provides an East-West dual carriageway connection from the deep water ports of Felixstowe and Harwich to the Midlands motorway network.
