CAR SALES SHOWROOM AND VEHICLE REPAIR WORKSHOP

The property comprises a site which extends to 2.14 acres and accommodates 3 primary buildings, all of which were formerly occupied for the purposes of a car sales showroom and repair workshop. The entire site is available either on a leasehold or a freehold basis, with the vendor willing to consider a division of the site for either form of acquisition.

The main building provides showroom and workshop accommodation with mezzanine floor offices and extends to 2,391m² (25,742ft²). This building is made up of a range of units and could be subdivided further on a leasehold basis, if necessary. This building has 4 loading doors, gas supply and 3 phase electricity. Building 2 extends to approximately 509.6m² (5,485ft²) having a loading door to the rear and display frontage in the full elevation with reception and administrative offices. Building 3 extends to 177.93m² (1,915ft²) having a small works area and administrative offices.

The availability of this site presents an excellent opportunity for a car sales company to take the entire site or, subject to subdivision, a range of smaller dealers or mixed use, including vehicle rental and car wash, or non-car related uses for showroom, trade counter or warehousing.

The site is secured by a perimeter fence with a large gated entrance onto Queens Road and benefits from a frontage to the main road of approximately 95m (310ft).
