PROPERTY OVERVIEW

A rare opportunity to purchase or lease a 0.17-acre vacant parcel just steps from the Fort Pierce Jetty and public beach access. Located on a prominent corner at the edge of South Hutchinson Island, this site offers strong visibility within a busy coastal corridor. Surrounded by boutique lodging, popular waterfront restaurants, and steady tourism, the property is well positioned to capture both local and visitor traffic. Additional parking easement available, providing valuable flexibility for future development and higher intensity uses. Zoned Tourist Commercial, the property allows for retail, restaurant, hospitality, recreation, or mixed-use concepts. Building heights up to 45 feet (approximately four stories plus roof) further enhance development potential. The site is also near major upcoming projects including the proposed Boardwalk on the Inlet and the large-scale redevelopment at Causeway Cove Marina, both expected to drive increased traffic and long-term growth in the area. With walkable access to the shoreline and surrounding attractions, this is a strong opportunity in one of Fort Pierce's most active coastal markets.
