The greater Portland-Vancouver-Hillsboro metro area is a West Coast cultural and economic hub. It occupies center stage in Oregon and southwest Washington's economic performance.

Historically reliant on timber, fishing and agriculture, the area is now known as a hotbed for technology, healthcare, finance, and apparel industries.

Often called the "Silicon Forest", the area enjoys the presence of major information and technology companies such as Intel, Hewlett-Packard, Tektronix, Siemens, Salesforce, and Boeing.

Healthcare is a major employment driver in the region. Numerous hospitals and medical research centers including OHSU, Kaiser Permanente, Providence, Legacy Health and PeaceHealth are integral to the physical and economic health of the region.

Globally-recognized sports & outdoor performance apparel companies such as Nike and Columbia Sportswear are headquartered in the area.

Portland's proximity to Silicon Valley and Seattle has made it an attractive destination for many

California and Washington-headquartered technology companies to maintain operations in the area with its business-friendly environment and growing inventory of class-A office-focused real estate.
