OWNERSHIP

Private luxury garage owners enjoy the camaraderie with like-minded car enthusiasts. They enjoy a place to refresh their cars and themselves.

Own the ultimate luxury garage with an unmatched view - more than just a garage.

These "Luxury Car Garages" are beneficial investments, especially if they are based at a race track. Members enjoy opening their garage door, and showing off their car collection to other members.

Invite your friends and clients to a motorsports park where you own a track side luxury garage for a memorable experience for all.

FEATURES

Ranging from 1,260 to 2,220 sqft, the units feature an open layout with over 20ft ceilings. Each unit will be fully fire, sprinklered with water, sewer, electric and HVAC units to keep them tidy.

Each unit has a 10'x10' electric garage door plus glass doors to access the outdoor patio and mezzanine level outdoor balcony.

These units will feature 100-amp service, plumbed for water and sewer, high speed internet connection available.

The entire facility will have 24 hours security. These units are built to last and protect your rolling investments. Owners have 24/7 access through a secure powered wrought iron gate.
