29 car parking, 3 motor cycle spaces			

<b>UNIT 1110</b>	Warehouse	4,532 sq ft	421 sq m
	5 car parking spaces		

## LOCATION

The development is at the intersection between the A120/A12 located within the county of Essex approximately 34 miles from the M25, six miles west of Colchester and 22 miles south west of Ipswich. The site benefits from excellent transport links, situated just off the A12 which connects Ipswich to the M11 at Bishop's Stortford.

These connections will be further enhanced by a Highways England road widening programme with a new junction and improvements to the existing junction, which will remain an 'all movements' junction serving traffic in all directions.

Marks Tey is well connected to the national rail network and lies on the Great Eastern Main Line. Marks Tey station is only 5 minutes away and benefits from regular services (every half an hour) into Central London (Liverpool Street) with a journey time of 56 minutes.

Stansted International Airport, located approximately 28 miles to the west of Marks Tey, offers domestic and international flights and also benefits from the Stansted Express train service, offering a quick and direct journey into Central London.
