Re: Development Project in Titusville

Dear Mr. Wright:

Thank you for meeting with my office on May 1<sup>st</sup>, 2025 and presenting your redevelopment plans for the old Sears Town Mall in Titusville.

This redevelopment project will be a tremendous asset to Titusville and the Space Coast. It is apparent that you understand the growing needs of Titusville and our community at large. Designing and developing a new use for this land will revitalize the area and the surrounding community. The concept and direction of providing a mixed zone development to include residential apartments, an assisted living facility, a medical shopping center, restaurants, and a hotel will bring this area of the community back to life. This mixed zone development will be a great addition to Titusville, as well as Brevard County in providing jobs and opportunities for our residents.

I wish you all the best on this development project. Should you need assistance from my office in the future, please do not hesitate to reach out.

Sincerely,

Mike Haridopolos  
Member of Congress
