LOCATION

The subjects form development sites at Alness Point Business Park located on the A9 trunk road and has direct access from the A9. Alness Point Business Park therefore has the benefit of good transport connections via the trunk road network. The property is attractively located on the south side of the A9, at Alness, close to the Cromarty Firth and has the benefit of a high quality core environment.

Alness Point Business Park is served by public transport and is close to Alness and Invergordon as well as being in commuting distance of Inverness.

DESCRIPTION

The subjects comprise a range of sites which form part of the Alness Point Business Park. The Business Park has already been partly developed and has a mixture of office, educational and light industrial uses. Surrounding occupiers include a variety of public, private and academic organisations. A Deed of Conditions is in place with regard to maintenance of the common parts and the business park has the benefit of a high quality landscape entrance with extensive amenity areas.

PLANNING

The sites are suitable for Class 4 development which incorporates uses such as offices, research and development or for light industrial purposes. It is also considered that one of the sites may be suitable for development as a hotel site but interested parties will require to make the relevant enquiries with the Highland Council Planning Department.

SERVICES

Mains services have been installed within the main estate road network and it is understood that connections are available for the individual sites. Interested parties however will be required to make enquiries with the relevant utility authorities.

It should be noted that Site 5 is fully serviced benefitting from initial site works including access.

Obtain and exhibit any statutory consents which are required and commence the erection of building or buildings in accordance with detailed plans, elevations, dimensions and specifications approved in writing by Highlands & Islands Enterprise prior to the commencement of works upon the subjects and; (B) within 2 years of the date of entry, fully complete the development. If the proprietor fails to fully complete the development within

the said period of 3 years from the date of entry then Highlands & Islands Enterprise to anytime thereafter to purchase the subjects from the proprietor for a price representing the Market Value at that time.

GENERAL

It should be noted that HIE's decision making will normally be based upon best consideration received, however, HIE is under no obligation to accept the highest or indeed any offer.

HIE's disposals policy reflects the Asset Transfer Request provisions in the Community Empowerment (Scotland) Act 2015. This gives powers to community bodies to buy, lease, manage or occupy land and buildings in the ownership of public authorities.

The policy incorporates best value decision making when a community body makes an offer to purchase. Best value disposals (transactions at less than best consideration) are only justified where additional economic, social and environmental benefits that are aligned with HIE's organisational objectives are demonstrated. This takes account of the offer price and wider benefits of the proposal, scoring each offer in terms of non-monetary costs and benefits. A copy of HIE's Asset Transfer Policy Guidance Notes and Best Value Scoring Framework will be made available to all interested parties. If notified of a community interest, all prospective purchasers are advised to provide supplementary information with regards to additional public benefits to be gained from the transaction that are lined with HIE's organisational objectives.
