Welcome to the illustrious Blake Street Terrace (BST), a landmark where history and modernity meet in the heart of Denver's vibrant Lower Downtown. In the 19th century, F.W. Crocker constructed the building as a steam cracker bakery. Originally celebrated as "exceptional in the city in its degree of elaboration," this historic foundation set the stage for the transformation to come.

Today, BST stands as a premier office building, featuring a stunning blend of old and new. A brick and timber structure rises three stories high, complemented by a modern 10-story office tower and a convenient parking deck (added in 1983). Perfectly positioned, BST is a short stroll away from iconic destinations like Coors Field, Union Station, and the Dairy Block, offering unparalleled access to the best of Denver.
