IN THE NEWS

7 BREW COFFEE ODESSA, TX

7 Brew's growth is driven by its culture/capital connection

ALICIA KELSO, SEPTEMBER 27, 2023 (NATION'S RESTAURANT NEWS)

One of the biggest narratives from this year's Datassential Top 500 report is the accelerated growth of the coffee segment. Gone are the days when it was Starbucks versus Dunkin' with various QSRs, like McDonald's and Wendy's, vying for a coffee veto vote.

Now, caffeine-seeking consumers have their pick of dozens of coffee-focused startups, all of which are **growing** at a swift clip. One of those concepts is Arkansas-based 7 Brew Drive-Thru Coffee, which was founded in **2016** and has since surpassed **100 units** in 22 states. The **company's growth** story has plenty of intrigue and is backed by heavyweights, including an acquisition from parent company Brew Culture, formed by a group of entrepreneurs in **2020** and led by CEO John Davidson.

7 Brew, which recently surpassed 100 locations, had about 2,000 development agreements signed at the end of 2022, with no end in sight.

A year later, the company received a majority investment from Drink House Holdings, created by Jimmy John's founder Jimmy John Liautaud, and Jamie Coulter, Lone Star Steak House founder. Liautaud and 7 Brew have since found themselves in a legal battle over ownership of the **rapidly expanding chain**, and are seeking to resolve the matter through mediation.

In December, 7 Brew brought on Nicole Miller Regan to serve as its CFO. She had previously spent over **20 years** as a Wall Street analyst, most recently as managing director and head of the consumer equity research practice at Piper Sandler. Regan believes 7 Brew's fledgling franchising program is the company's key differentiator in an **increasingly crowded segment** and it is part of what attracted her to the brand.

7 Brew lands an investment from Blackstone to accelerate restaurant growth

ALICIA KELSO, FEBRUARY 15, 2024 (NATION'S RESTAURANT NEWS)

Arkansas-based drive-thru beverage concept 7 Brew Coffee has received a growth equity investment from Blackstone Growth to accelerate its expansion across the U.S. Terms of the transaction were not disclosed.

7 Brew first opened in 2017 and has since grown to more than 190 locations, generating a more than **185% growth rate** from **2021 to 2011**, according to Technomic Ignite data. During a recent interview, CFO Nicole Miller Regan said there were **approximately 2,000 stands** under development agreements at the end of **2022**.

Blackstone has over \$1 trillion in assets under management in several sectors.

"The **opportunity** is just massive, and anything is possible. The whole idea of what we're doing translates across the globe. We want to break sales and development records," she said.

This Blackstone investment will certainly help toward that goal. Blackstone has over **\$1 trillion in assets** under management in several sectors.

"We are on a strong **growth trajectory** thanks to our outstanding team, the Brew Crew, and are so excited to have found in Blackstone a true partner who understands our culture and whose global reach and incredible resources will enable us to reach this next stage of **growth**," 7 Brew CEO John Davidson said in a statement. "Blackstone brings everything we are looking for to help serve our customers and support our franchisees – industry and market knowledge, franchisee relationships, data sciences, operations, and real estate expertise."

Permian Basin

Heart of the Permian Basin

Midland and Odessa are sibling cities about 20 miles apart and jointly promoted as “Two Cities, No Limits.” Like many other Texas communities, Midland and Odessa began as stations along a railroad—halfway points between Dallas and El Paso along the Texas and Pacific Railway. Early on, the area relied primarily on ranching. Midland became a prominent cattle shipping center for Texas as well as a regional financial hub by 1890.

Today, Midland –Odessa is a thriving community in the heart of the Permian Basin oil region, which is the 2nd largest oil and gas shale in the world. The Permian Basin accounts for 40% of the U.S oil production and is expected to lead Texas in GDP Growth.

The beginnings of the oil boom in the Permian Basin—which encompasses two counties in New Mexico and 55 counties in West Texas—arrived in the 1920s. Scores of investors and oilfield workers moved to the area, and by 1929, a total of 36 oil companies had established offices in Midland. Demand for oil and petrochemicals rose during World War II, helping transform Odessa into the world’s largest inland petrochemical complex.

From that point forward, the area’s economy was closely tied to the energy industry, rising with the oil booms and contracting with the busts. After years of decline that began with the 1980s oil bust, the Permian Basin and its economic center, Midland–Odessa, were regenerated by the shale oil boom of the late 2000s. Investment grew in the prolific formation even during periods of soft oil and gas prices, as its infrastructure, industry know-how and technological advancement helped make retrieving energy deposits relatively inexpensive.

Odessa Development Corporation approves new General Development Plan

JASON FREUND, AUGUST 10, 2023 (NEWS WEST 9)

Odessa Development Corporation met Thursday and, as part of their agenda, discussed and approved their General Development Plan for the 2023-2024 year. The General Development Plan is quite simple: expand businesses and help the city of Odessa grow. However, some changes were made to this year's plan to update it.

"All of these things are what we're going to be working on through this General Development Plan," **Odessa Development Corporation** President Kris Crow said. "So we approved it today, but as Mr. (Jeff) Russel said earlier, we want that to kind of be a living, **breathing organism** here to where it's able to move, it's **able to change**, it's able to update with the needs of the city as we move forward."

The plan outlines what the city hopes to do to help build jobs and expand businesses.

However, no matter the updates, the **plan** still has the **same goals**.

"Our goals are threefold. We want to **recruit new employees**, we want to retain them, and we want to retire them," Crow said. "One of the things that we found are that, while it's hard to bring **new employees** in from other areas into Odessa, it's going to be a lot easier to grow our own employees."

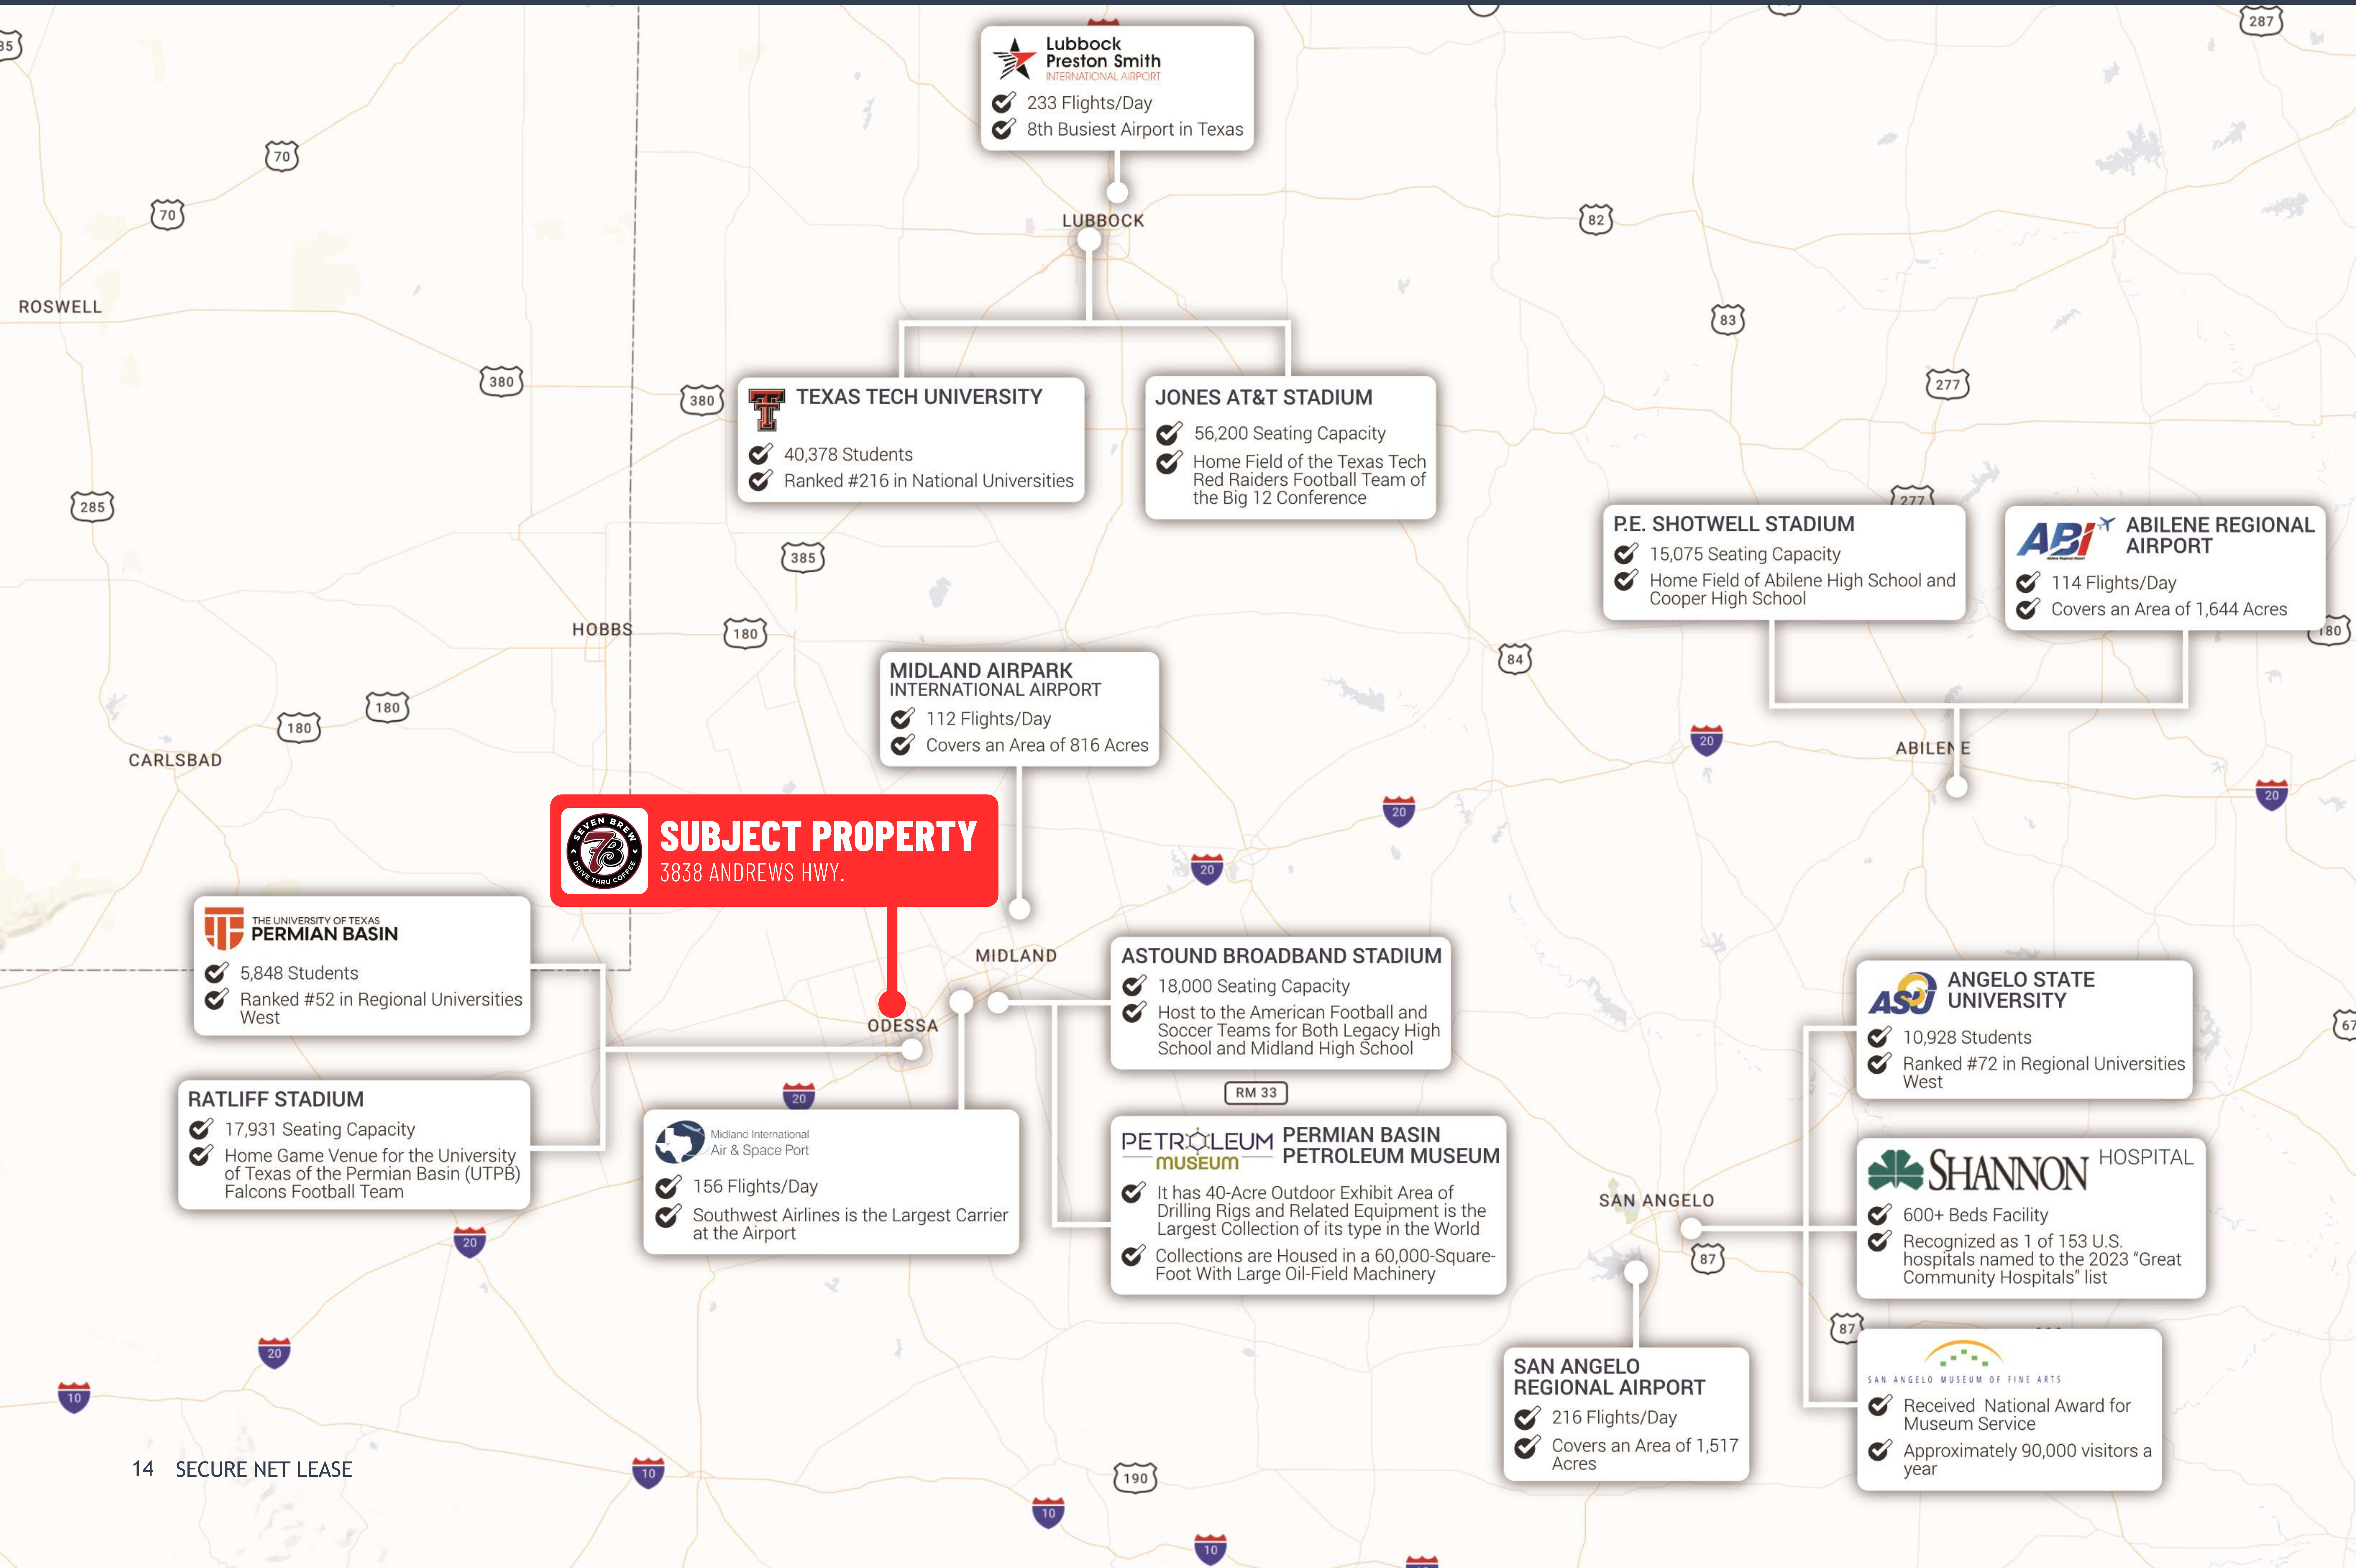

"Maybe we work with ECISD, maybe we work with Odessa College, maybe we work with UTPB and show these kids, hey, if you want to be a contractor, maybe if you want to be a machinist, maybe if you want to be an engineer, maybe there's a way that **economic development** can help carve that path for you," Crow said. "Then give you that career path about working with ECISD, OC or UTPB to help them from a **financial** side to get them to that end result."

TEXAS DISCLAIMER

7 BREW COFFEE ODESSA, TX

Approved by the Texas Real Estate Commission for Voluntary Use

Texas law requires all real estate licensees to give the following information about brokerage services to prospective buyers, tenants, sellers and landlords.

Information about brokerage services

Before working with a real estate broker, you should know that the duties of a broker depend on whom the broker represents. If you are a prospective seller or landlord (owner) or a prospective buyer or tenant (buyer), you should know that the broker who lists the property for sale or lease is the owner's agent. A broker who acts as a subagent represents the owner in cooperation with the listing broker. A broker who acts as a buyer's agent represents the buyer. A broker may act as an intermediary between the parties if the parties' consent in writing. A broker can assist you in locating a property, preparing a contract or lease, or obtaining financing without representing you. A broker is obligated by law to treat you honestly.

If the broker represents the owner

The broker becomes the owner's agent by entering into an agreement with the owner, usually through a written – listing agreement, or by agreeing to act as a subagent by accepting an offer of subagency from the listing broker. A subagent may work in a different real estate office. A listing broker or subagent can assist the buyer but does not represent the buyer and must place the interests of the owner first. The buyer should not tell the owner's agent anything the buyer would not want the owner to know because an owner's agent must disclose to the owner any material information the owner knows.

If the broker represents the buyer

The broker becomes the buyer's agent by entering into an agreement to represent the buyer, usually through a written buyer representation agreement. A buyer's agent can assist the owner but does not represent the owner and must place the interests of the buyer first. The owner should not tell a buyer's agent anything the owner would not want the buyer to know because a buyer's agent must disclose to the buyer any material information known to the agent.

If the broker acts as an intermediary

A broker may act as an intermediary between the parties if the broker complies with The Texas Real Estate License Act. The broker must obtain the written consent of each party to the transaction to act as an intermediary. The written consent must state who will pay the broker and, in conspicuous bold or underlined print, set forth the broker's obligations as an intermediary. The broker is required to treat each party honestly and fairly and to comply with The Texas Real Estate License Act. A broker who acts as an intermediary in a transaction:

- Shall treat all parties honestly
- May not disclose that the owner will accept a price less than the asking price
- Submitted in a written offer unless authorized in writing to do so by the owner;
- May not disclose that the buyer will pay a price greater than the price submitted in a written offer unless authorized in writing to do so by the buyer; and
- May not disclose any confidential information or any information that a part specifically instructs the broker in writing not to disclose unless authorized in writing to disclose the information or required to do so by The Texas Real Estate License Act or a court order or if the information materially relates to the condition of the property.

With the parties' consent, a broker acting as an intermediary between the parties may appoint a person who is licensed under The Texas Real Estate License Act and associated with the broker to communicate with and carry out instructions of one party and another person who is licensed under that Act and associated with the broker to communicate with and carry out instructions.
