LOCATION

Hampton Wick is in the London Borough of Richmond upon Thames, yet only five minutes' walk from Kingston town centre which provides extensive retail, restaurant and leisure facilities.

Hampton Wick is situated in an affluent area on the left bank of the River Thames, close to Bushy Park and Hampton Court Palace (Home Park). Becketts Wharf is accessed from Lower Teddington Road, just 150m from Kingston Bridge, with good access to the M3 motorway (J1), the A316 and the A3 Kingston by-pass which connects direct to Central London, the M25 and London Heathrow and Gatwick Airports.

Hampton Court Palace Golf Club is only 1.3 miles away and other excellent sports and leisure facilities in the area include The Lensbury Club (1.3 miles), Hampton Wick Royal Cricket Club, Kingston Rowing Club and David Lloyd Kingston.

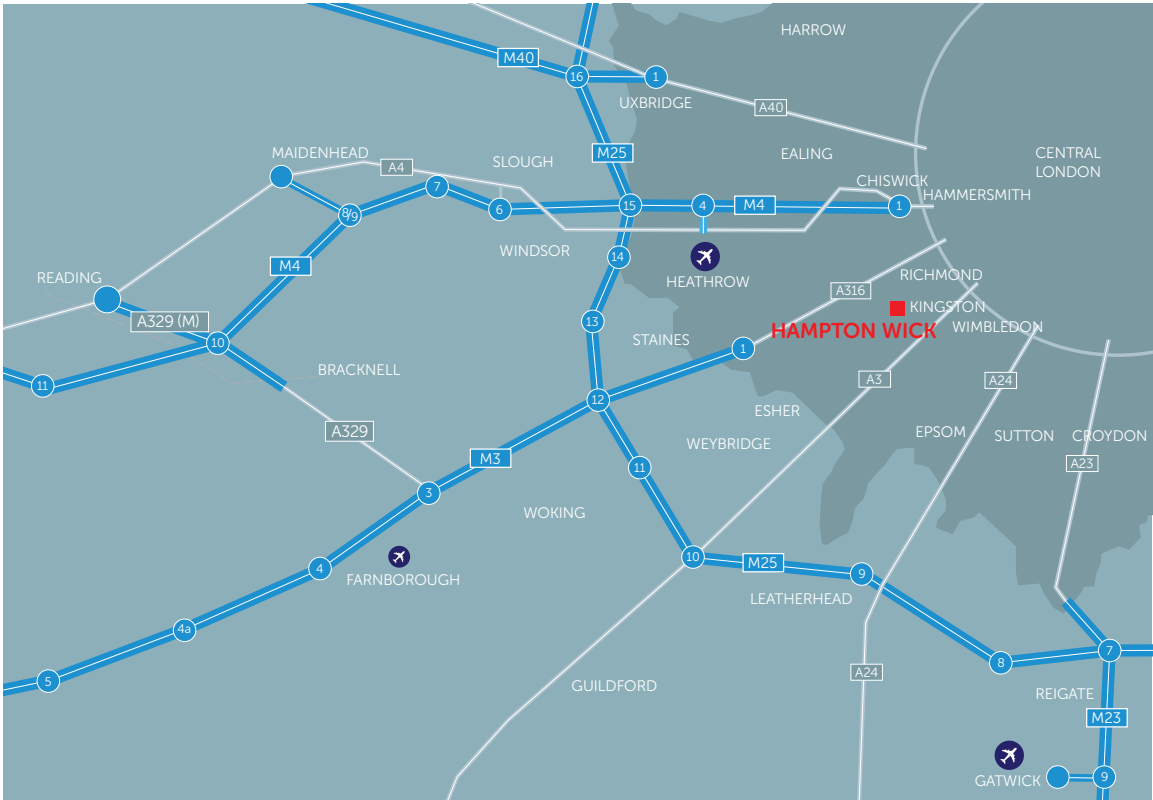

There is a vibrant student community in and around the area from Kingston University and St Mary's University, Twickenham, along with Kingston College and numerous other independent and public sector schools and colleges.

BECKETTS WHARF, LOWER TEDDINGTON ROAD, HAMPTON WICK KT1 4ER

Becketts Wharf principally comprises two freehold office buildings, Aquilla and Osbourne House, but also includes a residential building (2 Becketts Wharf) held on a long lease to Richmond Upon Thames Churches Housing Trust Limited (now PA Housing) at a peppercorn rent.

Aquilla

Constructed in 2010 over ground, first and second floors, it provides the following specification:

- Low maintenance aluminium structural glazing
- Single height reception with limestone flooring
- Alarm and video security provision
- Shower facilities
- Disabled WC and male/female WC's on each floor.
- Schindler 9 person passenger lift
- On-site barrier controlled parking, in a common courtyard shared with Osbourne House and 2 Becketts Wharf
- Dedicated cycle store
- Offices: full access raised floors, LG7 compliant lighting and VRV comfort cooling/heating
- EPC B (42)

Osbourne House

Originally constructed in the 1950s, Osbourne House forms part of a wider planning consent, which involved the construction of 2 Becketts Wharf and Aquilla. The property comprises a two storey detached office building with views over the River Thames, benefiting from the following specification:

- Predominantly brick built with coloured tiling finishes
- Roof recently tarmacked with new corresponding warranty
- Video security
- Entrance lobby but no dedicated reception area
- Shower + WCs on each floor
- Parking provision in communal courtyard
- Offices: underfloor and perimeter trunking, fluorescent lighting and comfort cooling/heating
- EPC D (96)

Car Parking

The property provides 15 car parking spaces within the communal courtyard, which is accessed securely off Lower Teddington Road at the front of the site. There are an additional 6 garage spaces located nearby held on assignable leases and 2 additional spaces in the car park behind 2 Becketts Wharf.

10

OCCUPATIONAL
MARKET OVERVIEW

Kingston upon Thames and Hampton Wick form part of the South West and West London office market, which includes Hammersmith, Chiswick, Richmond, Twickenham, Putney and Wimbledon. It is a well-established office market and is noted for achieving the highest rents and capital values outside of Central London. The location is also characterised by a diminishing supply of office space, mainly due to the ongoing conversion of office accommodation to residential use through Permitted Development Rights.

Hampton Wick's and Kingston's strategic riverside location, which also provides excellent communications, has seen the area become a major and well established office centre. Key occupiers in the area include Unilever, Bausch & Lomb, Saipem, VSO and Wolters Kluwer.

Prime rents across suburban London and north Surrey have risen continually in recent years and with supply levels continuing to erode, this will ensure that rental and capital values continue to grow.

Neighbouring markets such as Wimbledon and Richmond have seen exceptional growth in recent years with completed lettings occurring in excess of £50 per sq ft. The supply levels in Hampton Wick and Kingston are likely to remain limited, with no scheduled speculative office developments due to occur for the foreseeable future.

RESIDENTIAL MARKET OVERVIEW

Kingston is an established and popular South West London residential market offering a riverside location with the combination of extensive town centre amenities with excellent accessibility by road and rail to Central London.

New build residential opportunities remain in short supply in Hampton Wick however Kingston town centre (a short walk across the bridge) has witnessed a recent increase in activity as developers appreciate the strong fundamentals on offer in addition to a refocus on less central outer London locations.

Redrow’s Kingston riverside scheme, opposite Osbourne House completed in 2015 and achieved sales figures in the region of £800 per sq ft. There are a number of new build residential schemes in Kingston, the most notable of which comprises Berkeley’s Queenhurst scheme where pricing is in the region of £850 - £950 psf. Hampton Wick has a limited number of new build residential schemes with values in line with Kingston. It is envisaged that a prominent riverside development which replaces Osbourne House could well exceed these figures.

OSBOURNE HOUSE - RESIDENTIAL DEVELOPMENT OPPORTUNITY

Osbourne House benefits from an extant planning permission for 11 private residential units comprising a total net saleable area of approximately 8,800 sq ft.

Osbourne House forms part of a wider historic planning consent which involved the construction of Becketts Wharf and Aquilla. As such, we understand the permission is considered implemented - planning consent reference number: 07/2991/FUL. Indicative ground to second floor plans shown with third and fourth floor plans available from the dataroom.

ARTICLE 4 DIRECTION

There is an Article 4 Direction in place along Lower Teddington Road which would remove the Permitted Development Rights for the conversion of offices (B1) to residential use (C3) of Aquilla.

Indicative CGI of Osbourne House residential scheme.

Indicative second floor plan

Indicative first floor plan
