Description

The available accommodation comprises surplus office space located over ground and lower ground floors of a detached traditional granite townhouse.

Internally, the subjects provide a series of cellular offices finished to a reasonably modern standard. New Cat 5E data cabling has recently been installed and offices can be offered fully furnished if required.

An ingoing tenant would have access to the main reception for greeting visitors, as well as use of the main boardroom and meeting rooms on a pre-booking basis. In addition there is a modern kitchen and break-out area on the lower ground floor.

The premises are served by 4 exclusive car parking spaces which represents a very generous provision for this area.
