COSTS

Total occupancy costs at the Courtyard can be shown to be much less than other offices in Bracknell, whether serviced or not.

Unforeseen expensive dilapidations are one of the downsides of a traditional lease, but the Courtyard has been designed from the outset to keep these to the minimum.

The average service charge at the Courtyard is £3.09 per sq ft compared with an equivalent average of £7.60 per sq ft for other available offices, adding around £5 per sq ft to annual outgoings.

IS UNIT 1 THE RIGHT BUILDING FOR YOU?

Unit 1 is the largest building at the Courtyard, so if you want clear flexible space for up to 45 people this could suit.

Flexible lease terms

One of the biggest challenges for an occupier is striking the right balance between the extra space needed and the cost. Too little space, and you may have to move again soon. Too much space, and the business incurs unnecessary additional costs.

Reedspace helps you get this right by offering space on flexible terms and facilitating changes before a lease expires. So far, two occupiers have successfully expanded into adjacent buildings with interconnecting openings, while two others have sublet a floor in their building to generate income until they need the additional space.

Occupiers can also move to different buildings within the Courtyard, subject to availability, as their space requirements change, and many have done so.

Complimentary space planning

All buildings have column free interiors that are configured for both open plan and cellular layouts. Nearly all occupiers have individual rooms on the ground floor, with large open plan areas on the first floor.

Buildings were designed to maximise useable space, and Bill Reed Architecture offers potential tenants a complimentary space planning to ensure they have the optimum building for their needs.

Various furniture options

The Courtyard occupiers choose whether to use their own furniture, ours, or a mixture of both. We have a wide range of furniture styles and sizes that satisfies most occupiers, but we can help if you want something specifically tailored to the way you work.
