Property Overview

The Langston Loge Apartments is an 81-unit complex located at 7110-71166 Jones Circle in Omaha, Nebraska. Built in 1990, and consisting of a mix of studio and one bed room apartments, the property serves a stable tenant base, including international scholars and students, due to its strategic proximity to major academic centers.

Location Overview

The location is a primary draw for the property, offering proximity to major institutions and a massive new mixed-use development:

Proximity to Campuses: The apartments are located approximately 1 km from the University of Nebraska Omaha (UNO) Dodge Campus and are just minutes from the University of Nebraska Medical Center (UNMC).

The Crossroads Redevelopment: A major transformative project is underway at the nearby intersection of 72nd and Dodge Streets. This 42-acre mixed-use development will feature a public plaza alongside residential, retail, and office components.

A centerpiece of the first phase is Gamescape, a 90,000-square-foot Cinemark entertainment venue featuring bowling, an arcade, laser tag, and a full-service restaurant.

This project signals significant momentum for the corridor and is expected to enhance the appeal of surrounding properties like Langston.

Recreation and Lifestyle:

Elmwood Park: This historic 19th-century park is just a few blocks away and offers walking trails, a public pool, a pavilion, a baseball field, and an 18-hole golf course.

Aksarben Village: Located 4–5 minutes away, this popular hub provides a variety of restaurants, bars, shops, businesses, and parks.

Convenience: The property is near diverse shopping and dining opportunities and is served by local bus lines.

The Omaha Macro Advantage: Resilience Over Volatility

THE DATA CONTEXT

While national rent growth swings unpredictably, Omaha delivers steady, landlord-friendly returns.

Median Omaha Rent:
\$970 (+1.8% MoM growth trend)

National Context: Cities like Fargo (+4.8%) and Omaha are capturing population and rent growth, contrasting sharply with oversupplied sunbelt boom/bust cycles.

5-Year Rent Growth Trend: Omaha vs. National Markets

SUPPLY & DEMAND DYNAMICS

Unlike the highly elastic and oversupplied Class A national market, Omaha's Class B/C housing stock maintains near-peak occupancy due to structurally constrained affordable supply.

The Captive Audience: Irreplaceable Hyper-Local Demand

NODE 1: UNO Dodge Campus (~1km Radius)

The Driver: Langston Loge is explicitly vetted and listed by the University of Nebraska Omaha as preferred housing for International Scholars. This creates an automatic, recurring pipeline of high-quality tenants.

NODE 2: Aksarben Village (4-5 Min Drive)

The Driver: Omaha's premier live-work-play hub. Proximity offers tenants Class A neighborhood amenities (employment, retail, entertainment) at a Class B/C rental price point.

NODE 3: Elmwood Park (Walking Distance)

The Driver: Historic, 19th-century green space featuring trails, a public pool, and an 18-hole golf course, offering exceptional quality of life for long-term resident retention.
