Biking to the Breeze

New east/west bike lanes on both Meserole and Scholes streets provide a straight shot to the Williamsburg Bridge. In addition, Citibike has several nearby docking stations and the building has a convenient secure ground floor bike room with 24/7 access for tenants.

*During the 15-month L-Train repair project beginning in April 2019, the L-Train will not run into Manhattan (though it will continue to operate back and forth normally within Brooklyn). During this period, the Breeze will be offering shuttle service to the nearby J/M/Z for service into Manhattan. In addition, the MTA is exploring numerous transit solutions to augment subway service, including express bus, ferry, and additional bike infrastructure.
