WITH LARGE OPEN STORAGE YARD 8,637 m² [92,969 sq.ft]

BLACKNESS ROAD, ALTENS INDUSTRIAL ESTATE, ABERDEEN, AB12 3LH

THE SUBJECTS ARE
SITUATED IN A HIGHLY
PROMINENT POSITION.

LOCATION

The subjects are situated in a highly prominent position on the east side of Blackness Road close to the Hareness Road roundabout within Altens Industrial Estate.

Altens is one of Aberdeen's principal business locations which is approximately 2 miles South of the City Centre just off the main A90 dual carriageway. It is excellently positioned to take advantage of the new AWPR ring road which is due to open in late 2017.

Altens houses major multi nationals including Shell, Amec, Baker Hughes, Maersk and Wood Group who have recently completed a new 215,000 sq.ft. HQ nearby.

DESCRIPTION

The facility comprises a detached office block, four interconnected high bay workshops, a large open storage yard and car parking all on a secure site.

OFFICES

Two storey block of rendered block construction with a flat roof. There is a gas fired central heating system and double glazing. The office block adjoins Workshop 1 at ground & first floor levels. To be refurbished.

The workshops are all of steel portal frame construction with concrete floors, concrete block and insulated profiled aluminium clad walls and pitched double skin asbestos clad roofs with translucent roof panels. (Workshop 2 has a single skim roof). They are all heated and lit and have 3 phase power.

WORKSHOP 1

Workshop with 9m wall head height. Two overhead gantry cranes are currently installed of 8T and 5T. Access is via two electrically operated steel roller shutter doors. There is a two storey concrete block structure within Workshop 1 housing mezzanine offices and canteen, staff and toilets accommodation at ground floor.

WORKSHOP 2

Workshop with 9m eaves height and two overhead gantry cranes of 7.5T and 5T are installed and there is one electrically operated steel roller shutter door.

WORKSHOP 3

Has mutual walls to the adjacent units. Two overhead gantry 7.5T cranes are installed and there is one electrically operated steel roller shutter door. There is a mezzanine storage area to the rear.

WORKSHOP 4

15T and 16T overhead gantry cranes are installed. There are two standard sized electrically operated roller shutter doors plus two smaller. There is a single storey external office/staff pod to the east most elevation.
