10-6-2 ZONING DISTRICTS PURPOSES

The Roy City Zoning Districts are formulated to provide and achieve the following purposes:

1. Residential Estates District (RE-20 and RE-15). The Residential Estate District is provided to allow low density residential estates neighborhoods with a quality of openness and provide for certain rural amenities, on larger minimum lots. This district is intended to promote and preserve single-family residential development. The principal land use is single-family dwellings and incidental and accessory uses located in a semi-agricultural or rural environment.
2. Single-Family Residential (R-1-15, R-1-10, R-1-8, R-1-7, and R-1-6) Districts provide regulated areas for single-family residential use at five (5) different low-density levels. These Districts are provided to maintain and protect areas for single-family residential dwellings.
3. The purpose of the R-2 District is to accommodate a need for moderate density residential uses by providing opportunities for both single-family and two-family dwelling units.
4. The Residential R-3 District is provided to allow the establishment of a variety of dwelling unit types from single-family to multiple-family units with their associated necessary public services and activities. It is provided to facilitate the orderly transition from less intensive, lower density uses to more intensive, higher density uses.
5. The purpose of the R-4 & R-5 Districts is to provide higher density residential areas with their associated necessary public services and activities. It is also to provide an orderly transition from pure residential zones to mixed residential/professional and business office uses.
6. The purpose of the RMH-1 District provides appropriate areas for suitable development of Single-Family mobile home parks and/or recreational coach parks. It is also to ensure that such facilities receive adequate services and blend harmoniously with surrounding residential neighborhoods.
7. The Light Manufacturing (LM) District provides suitable areas adjacent to residential areas that will accommodate the need for light manufacturing, warehousing, and associated accessory uses. The Manufacturing (M) District provides potentially more intense uses for manufacturing in appropriate areas so as to strengthen the employment base and economic diversity of the City.
8. Special Purpose Districts. The Special Purpose Districts of Recreation (R), Residential Infill Overlay (RIO) and Airport Overlay (AO) are provided as independent and separate stand-alone Zoning Districts or Overlay Zoning Districts to meet specific needs and goals of the City as follows:
 1. Recreation (R). This District is provided to provide opportunities for recreational and open space uses, with their associated accessory uses.
 2. Residential Infill Overlay (RIO). This District is provided for remnant properties with limitations in complying with the development standards of the underlying zone. This zone shall be considered by the Commission and Council in compliance with the requirements of 10-8.
 3. Airport Overlay (AO). This District is established for the protection of the Airport and the surrounding land.
9. The Mixed Use (MU) zoning District is intended to provide a variety of land uses that are purposely combined. Mixed use areas are intended to support a broad range of commercial office, entertainment,

recreational, civic and residential uses within a single building. It is intended to transform that areas into an attractive and active area with a sense of place that is unique to Roy.

[10-17-2 EXCEPTIONS TO THE TABLE OF USES](#)

1. Outdoor Display: Permitted or Conditional uses within the LM and M may include the outdoor display of merchandise for sale as part of Site Plan approval, only if all of the following conditions are met:

1. The outdoor display of merchandise shall not be located upon any sidewalk, walkway, driveway, or within any public right-of-way nor shall it interfere with pedestrian or vehicular movement or with safe and proper ingress and egress of pedestrian traffic.
 2. The outdoor display of merchandise shall not reduce the amount of off-street parking below that which is required for the associated commercial uses on the premises.
 3. No item shall be displayed outdoors except for those lawfully displayed and sold inside the business. No hazardous and/or flammable materials (such as antifreeze, kerosene, poisons, pesticides and other similar items) may be displayed outdoors.
 4. The aggregate outdoor display area shall not exceed twenty-five percent (25%) of the linear frontage of the store front or ten (10) linear feet, whichever is greater. Businesses located on a corner shall be considered as having two (2) store fronts.
 5. No outdoor display shall exceed six (6) feet in height.
 6. Items shall be displayed outdoors only during the hours when the business conducting the display is open to the public. Live plant material shall be exempt from this requirement.
 7. Additional signs, beyond those normally allowed for the subject business, shall not be allowed as part of the outdoor display and sales area.
 8. Outdoor displays for special sales or for one of a kind items which would exceed any of these requirements may be granted a special permit by the Zoning Administrator for a period not to exceed fourteen (14) days provided such special displays do not create parking, access, or traffic hazards.
2. Outdoor Storage: Permitted or Conditional uses within the LM and M may include the outdoor storage as part of Site Plan approval, only if all of the following conditions are met:
1. The outdoor storage area is located to the side or rear of the building.
 2. All outdoor storage is screened from public view, using options within Table 17-3.
 3. All outdoor storage does not exceed the height of the screening, when viewed at ground level at any location within one hundred feet (100') of any required screening.
 4. All materials stored outdoors shall be contained so that wind will not carry the items to adjacent properties.
 5. Outdoor storage of vehicles that are being repaired or are in queue for repairs longer than 72 hours must be screened.
3. Warehouse, Self-Service Storage: Within CC, an otherwise non-permitted use may be permitted if within that zone that non-permitted use already lawfully exists, and so long as the following conditions are met:
1. The use will be contiguous to the already existing use (i.e., the lots must be adjacent to each other).
 2. The use is in a recorded subdivision

3. the use will not occupy more that 60% of the overall area of the subdivision at the time of approval.

TABLE 17-3 - TABLE OF ALLOWED SCREENING

| | |
|--|---|
| These screening options are only available for the screening of "Outdoor Storage" | |
| A minimum six (6) foot tall solid fence of either wood, vinyl or chainlink with interlocking opaque vinyl or a minimum six (6) foot tall decorative masonry wall with textured surfacing facing the street | Screens ground-level lights, noise, objectionable views, provides privacy and access restriction, and texturing provides aesthetic relief. "Decorative masonry" shall include split face block or brick, brick, fluted block, or masonry wall with stucco finish, but shall not include openings in the wall surface below a height of 6 feet. Bumper guards set back a minimum of 2 1/2 feet from the fence shall be required when fence abuts parking. |
| Minimum six (6) foot chainlink fence with inserts in the fence fabric | Provides security and access restriction. Inserts help screen objectionable views. Inserts shall be of a durable opaque material and shall be kept in good repair. Bumper guards, set back a minimum of 2 1/2 feet from the fence, shall be required when fence abuts parking. |
| six (6) foot open fence with evergreen trees and shrubs | Screens ground level and higher level lights, provides security and access restriction. Vegetative screen provides additional noise mitigation and screens objectionable views. Trees and shrubs shall be of a locally adapted evergreen species such as arborvitae, juniper, pyracantha, evergreen euonymus, pines or spruces, with a planted size of at least 15 gallons for trees and 5 gallons for shrubs, and shall be expected to reach a height of at least 5 feet within 5 years of planting. Trees shall be planted at 20 feet on center and shrubs at 5 feet on center. |
