GENERAL

It should be noted that HIE's decision making will normally be based upon best consideration received, however, HIE is under no obligation to accept the highest or indeed any offer.

HIE's disposals policy reflects the Asset Transfer Request provisions in the Community Empowerment (Scotland) Act 2015. This gives powers to community bodies to buy, lease, manage or occupy land and buildings in the ownership of public authorities.

The policy incorporates best value decision making when a community body makes an offer to purchase. Best value disposals (transactions at less than best consideration) are only justified where additional economic, social and environmental benefits that are aligned with HIE's organisational objectives are demonstrated. This takes account of the offer price and wider benefits of the proposal, scoring each offer in terms of non-monetary costs and benefits. A copy of HIE's Asset Transfer Policy Guidance Notes and Best Value Scoring Framework will be made available to all interested parties. If notified of a community interest, all prospective purchasers are advised to provide supplementary information with regards to additional public benefits to be gained from the transaction that are lined with HIE's organisational objectives.

LEGAL COSTS

It should be noted that each party shall bear their own legal costs.
