What is Pivot & Co-Working?

Pivot is a premier Co-Working space in Baltimore County. Co-works began popping up in NYC around 2012. Ever since then they have steadily spread coast to coast, with almost every major city (both around the world and in the U.S.) hosting several Co-Work spaces. A Co-Work or shared office space is an office that comprises different companies, entrepreneurs, and individuals all working together under the same roof. Although everybody has a workspace to call their own everyone also shares the common areas and office amenities. There are many advantages choosing a Co-Work space over a traditional office lease. A few advantages are posted below. Many entrepreneurs enjoy having a creative space to work on top of their regular office as well, and with prices like this. you can afford to!

- No Leases: Rent month to month and cancel whenever you want!
- Free high speed internet
- Affordable Rent. Memberships begin at just \$190/ Month
- Cleaning Service: The only thing you have to clean is your desk!
- Productivity Amenities Free - TV's for research and presentations, white boards, projectors, copy/scan/fax machine & so much more
- Free Drinks
