THE NEIGHBOURHOOD

Sitting perfectly between the traditional commercial district surrounding St. Peter's Square and thriving business hub, Spinningfields, the best Manchester has to offer is right on our doorstep.

TRINITY is surrounded by some of Manchester's newest and best restaurants and bars. With over 100 eateries within 10 minutes walking distance, there is always somewhere new to try.

Whether it's a flat white or a caramel macchiato you're after, you'll find high-street favourites and independent coffee shops nestled amongst each other in the local area.

CULTURE

The name TRINITY comes from one of our closest neighbours, St Mary's Church on Mulberry Street, commonly known as "The Hidden Gem."

In fact TRINITY is well-placed to explore Manchester's cultural scene with John Rylands Library, The Central Library and Manchester Town Hall just minutes away.

KEEP FIT

There are three excellent gyms nearby – PureGym in Spinningfields, Lifestyle Fitness at the Great Northern and Bannatynes Health Club on Quay Street. However, if you don't go for traditional gym culture, why not check out one of the nearby yoga studios, bootcamps or sign up for Lululemon's free after-work running club every Tuesday.

SHOPPING

The central location of TRINITY means everything you need is easy to find. Manchester's main shopping destination, Market Street, is a short walk whilst premium brands on King Street, St. Ann's Square and Deansgate are even closer.

A DEVELOPMENT BY HELICAL PLC. CRAFT & QUALITY THAT ENDURES

Helical Plc is a developer that believes in the value of quality. Success is secured by crafting exceptional buildings that answer the needs of their tenants. For 30 years, Helical has been doing exactly this across the UK. We have built a reputation for high-quality, innovative architecture that solves problems and creates inspiring spaces.

There's no Helical "formula." Instead, we take a bespoke approach to each project, looking at the best ways to deliver quality buildings that respond positively to their surroundings. TRINITY is just one asset in Helical's Manchester portfolio which now exceeds 400,000 sq ft across the city centre.

In each case, that highly-adaptable quality is obvious. These are not simply "balance sheet buildings," designed to maximise short-term returns. They offer imaginative, elegant, and even beautiful answers to the complex needs of their occupiers and locations alike.
